

Vision care plan administered by SuperiorVision™

Your contact lens benefit

Your eyewear allowance can be used towards contacts

Because there is an optional stand-alone Contact Lens Fitting (CLF) benefit, the member's eyewear allowance is untouched. This means the entire allowance can, if desired, be used towards the purchase of contact lenses.

Elective / cosmetic

If a member opts for contact lenses instead of eyeglasses for reasons of comfort or appearance, the lenses must contain a prescription for correcting a vision deficiency.

Non-elective / medically necessary

Medically necessary contacts are provided under certain medical conditions, such as when you cannot achieve a specified level of visual acuity (performance) using eyeglasses. Reasons include: keratoconus; aphakia (after cataract surgery without implant lenses); anisometropia of 4.0 diopters or more; and when visual acuity can not be corrected to 20/70 in the better eye except through the use of contact lenses.

Online contact lenses

Members can order many top brands and types of contact lenses from [contactsdirect.com](https://www.contactsdirect.com) at discounted prices using in-network benefits.

Policy underwritten through National Guardian Life Insurance Company. Policy Form Series NVIGRP 5/07. National Guardian Life Insurance Company is not affiliated with The Guardian Life Insurance Company of New York aka The Guardian or Guardian Life.
